### **Laramie-Based Aspen-Banner Staff Join DOWL HKM**

(Laramie - June 1, 2011) DOWL HKM is pleased to announce the addition of the Aspen-Banner Engineering staff and capabilities to the DOWL HKM portfolio.

DOWL HKM Vice President Karen Fagg said the merging of the two firms in Laramie makes sense for Aspen-Banner clients and DOWL HKM clients.

“Aspen-Banner brings a tremendous experience with water resources, large diameter pipelines and construction management to DOWL HKM’s portfolio,” said Fagg. “DOWL HKM offers Aspen-Banner clients a depth of staff and additional service lines, like materials testing, geotechnical, and survey, that Aspen-Banner wasn’t able to offer.”

DOWL HKM staff will be moving their offices by the end of June into Aspen-Banner’s offices at 1575 North 4<sup>th</sup> Street, Suite 105. The office will now be 11-people strong and be led by current DOWL HKM office manager Lynn Hill, P.E. Roger Strube, P.E., the owner of Aspen-Banner, will be coming on as a senior project manager and will remain as the project manager for the former Aspen-Banner clients.

Aspen-Banner has been in Wyoming for 17 years and DOWL HKM has been in Wyoming for more than 30 years. The merger solidifies DOWL HKM’s commitment to serving its clients in Wyoming. DOWL HKM has four offices in Wyoming: Laramie, Lander, Gillette, and Sheridan. In all, DOWL HKM has 17 offices throughout Alaska, Arizona, Montana, Washington and Wyoming. DOWL HKM provides civil, transportation and structural engineering; environmental services; land use and transportation planning; geotechnical engineering; water resources planning and design; materials testing and special inspections; landscape architecture; real estate services; GIS; land survey; and construction management and project administration.
