

Construction Notice

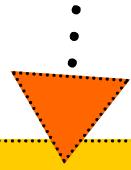

Issue 5
Apr. 26, 2010

For more details visit us at:
www.east40th.com

Construction season is fast approaching. While the ground is still slightly frozen and not ready for full construction, some preparation work has started. The contractor has started to mobilize equipment and to install and maintain storm water pollution prevention measures. The contractor will start clearing trees from the 40th Avenue corridor **tomorrow, April 27th**. Work will also include some fence removal and removal of existing landscape features.

We welcome your feedback!

If you would like to receive periodic email updates on the construction progress and anticipated schedule of work, please email Julie Makela at:

makelaja@muni.org

Full road construction will start in the next couple weeks. Major roadway construction is anticipated to be completed in late Fall 2011 with landscaping to be completed in Summer of 2012. The project work will include:

- Roadway foundation
- Asphalt pavement
- Soldier pile and lagging retaining wall between Laurel Street and Folker Street (south side)
- Cast-in-place retaining walls
- Concrete curb and gutter
- Piped storm drain system
- Traffic signal at Lake Otis Parkway
- Roundabout at Piper Street
- Street lighting
- Sidewalk and multi-use pathway
- Landscaping
- Pocket park and connection to Chester Creek Trail at Dale Street
- Sewer repair on Dale Street
- New water main between Piper Street and Dale Street

Updates on the construction progress and anticipated schedule of work will be provided in future newsletters.
